

PRETRIAL SUCCESS DELIVERED

The Uptrust platform provides your staff with a simple and convenient way to communicate with clients, refer them to community resources, and ensure their attendance at mandatory appointments.

Uptrust is the largest Pretrial support network in the US and has helped over 300,000 people attend court.

SIMPLE TWO-WAY MESSAGES + AUTOMATED APPOINTMENT REMINDERS

Make sure your clients are reminded of all appointments – court dates, office visits, and more. With 2-way texting, they can ask relevant questions and keep your staff in the loop.

CUSTOMIZABLE VIRTUAL CHECK-INS

Leveraging Evidenced Based Practices, automated check-ins based on criminogenic needs that can replace in-person visits when appropriate. Unlike traditional check-ins, Uptrust check-ins get at the root causes of non-compliance and alert staff when clients need help.

LOCAL SOCIAL SERVICES DATABASE

Instead of relying on printed brochures that may get lost, connect your clients directly to local community-based resources (housing, employment, counseling, and more) that will help them exit the criminal justice system.

VIDEO CHAT

Virtual meetings in a single platform eliminate travel time for clients, reduce no-shows, and limits potential exposure to COVID-19 for staff.

ALL OF YOUR COMMUNICATION IN ONE PLACE

With Uptrust, your communication, whether by text or video, is housed in one place (unlike when conducted via separate platforms like Zoom, Teams, Google Voice, Text, etc.).
